I wish I could be the person everybody thinks that I'm
not
Surrender to an image until personality becomes lost
I don't want to be the one who always leaves you out in
the rain
Every time I try I end up making all the same mistakes

I wish I could stop reacting badly when you speak to me
Push away reaction and just show you what I want you
to see
I don't want to be the one who's always getting in your
way
If I let you go, you could be better for it anyway

I can see who I want to be, but I'm not sure I can reach it
anymore
I've got no sacrifice, the fantasy of you left me unsure

I think if I think too much I'll think myself away from you
Thinking never does anyone good if it is all too soon
Memories are remedies to stop me wanting you too
much
Memory's my ecstasy to keep me craving you enough

Never have I met another person who is quite like you
Moving on without you would be such a stupid thing to
do
Why must you be laughing in my head if I don't want
you there?
Why do I indulge a single moment to making me care?

I can see who I want to be, but I'm not sure I can reach it
anymore
(I wish I could be the person everybody thinks that I'm
not)
I've got no sacrifice, the fantasy of you left me unsure
(I wish I could stop reacting badly when you speak to
me)
I can see who I want to be, but I'm not sure I can reach it
anymore
(I think if I think too much I'll think myself away from

you)

I've got no sacrifice, the fantasy of you left me unsure
