I remember when there were only 150 of you  
Well, technically 151 if you are counting Mew, but I  
digress  
I guess I spent the best years of my little life  
Surfing Cinnabar Island to get 126 Revives  
And I miss the Pok?mon Center  
I miss it's music too  
And the way that Snorlax looked like Lapras on water  
Pok?mon, what happened to you?

In the old days, you only got one form of every kind  
I could name all the Gym Leaders, didn't even have to  
try  
But now you've shown me Team Galactic and Dark and  
Steel and eggs  
Oh I want my Red and Blue back when Ditto wasn't used  
for sex  
I miss the cycling road, don't you know  
I miss the music too  
And I can't believe you used to be in black and white  
Pok?mon, what happened to you

Now Legendary means nothing to me  
Because one-of-a-kind creatures add up to over thirty  
And I only want three choices for my Eevee  
I don't want a rival if his name is not Gary

And how the hell do you pronounce Sweecoon,  
Sooisine,  
Sweesign, Sooisoon, I don't know

I miss holding down the B button when I thought it  
made it easier  
I miss surfing to the truck and using Strength to try and  
move it  
I miss watching my Charmander evolve into a  
Charmeleon  
I don't accept your Leaf Green, they'll always be Red  
and Blue to me

Yesterday I dreamt I was surrounded by Unown

The spelled the words "I'm sorry on behalf of Nintendo  
We don't get Poffins either, and SuperContests are so-  
so

And the Pok?dex was fine, it didn't need a radio"  
I miss the Team Rocket hideout  
And I miss the music too  
And why have shinies if they're so impossible to find  
Pok?mon, what happened to you  
Pok?mon, what happened to you

And I'll never again experience that joy of mine  
Because you are incompatible with my brand new DSi
