June 23rd 1991

Let loose, I knew you were born to run
Six zones, one boss, it was all I needed
Dashing, ring collecting, unimpeded

But now you're everything from half a werewolf to a
race car driver
You've lost some weight and your eyes are greener
than I recall
And as I understand there was a game where you
became King Arthur
Bring back the days when playing Sonic was still cool

Keep your princesses cos
Sonic doesn't need a story
He runs fast and gets rings and loop-de-loops his way
into your heart
Sega, learn from your mistakes
Now it's time to sit down and leave out the cutscenes
Cos we don't care anymore

We accepted Tails and Knuckles too
Flickies took some time but they were cute
Chaotix started to push my patience
Amy Rose was an abomination

His name could be Robotnik, but it could be Eggman,
what's it matter
As long as he still has that flying egg machine
Don't let me play as him or tell me more about his dead
grandfather
Just swing his marble ball and chain across the screen

Keep your Olympic games cos
Sonic doesn't need a story
He runs fast and gets rings and loop-de-loops his way
into your heart
Sega, learn from your mistakes
Now it's time to sit down and leave out the cutscenes
Cos we don't care anymore

Don't want Silver
Don't want Dark Gaia
Don't want Rouge the bat
Don't want Blaze the cat
Don't want Shadow
Don't want Shadow
Don't want Shadow
Don't want Shadow

Hover skates are not the same as running at the speed
of sound
Hover skates are not the same as running at the speed
of sound
