Come, come up to meet  
You and I see  
All of the world inside your eyes  
And I am alive

You move closer to me  
I know what you need  
I'm gonna set your heart on fire  
Feel you inside

I'm addicted to what you do  
I'm in love with the way you move  
Breathing in every word you say  
And all of the promises you make  
I know you'll keep them

Legs twisting round me  
Hearing you speak  
Saying the things I need to hear  
We disappear

Your skin against me  
Slide desperately  
Tingles are slipping down my spine  
You make you mine

I'm addicted to what you do  
I'm in love with the way you move  
Breathing in every word you say  
And all of the promises you make  
I know you'll keep them

I'm addicted to what you do  
I'm in love with the way you move  
Breathing in every word you say  
And all of the promises you make  
Oh God I need them
