Looking at life,
brushing each cobweb aside,
I can see life,
tragedy, panic and pain.

Where is the peace?
Where is the voice?
I can see love,
shining,
through all,
shining,
through all,
yeah yeah yeah

Looking at life,
craving each minute again,
I can see life,
tragedy, panic and pain

Where is the peace?
Where is the voice?
I can see love,
shining,
through all,
shining,
through all,
yeah yeah yeah

Where is, where is the peace?
Where is, where is the love,
I can see love,
shining,
through all,
shining,
through all,
oh yeah,
I see love.
