If I were you I wouldn't be stronger
I can see you're strong all the time
It only takes a little bit longer
To figure out the feelings inside
To figure out the meaning but life hasn't got a purpose
And it all gets out of focus
So when it feels hopeless

Cry baby cry cry cry
Your beautiful blue eyes better
Cry cry cry
And you can leave it all behind let the
Tears run dry
I will hold you and the world won't see
Don't you know you're beautiful to me
So beautiful

Yeah our own worst enemy's right here
Looking in the mirror at you
He's saying why do you persevere
Laying on the pressure as we do
I want to make it lesser when the reasons run around
you oh
The more that you suppress it high treason comes to
find you
Every warrior finds the time to
So close that door behind you

Cry baby cry cry cry
Your beautiful blue eyes better
Cry cry cry
Let it go tonight let the
Tears run dry
I will hold you so the world won't see
I hope you know you're beautiful to me
So beautiful

And suddenly the rain has drifted out to see
Harboring the pain got the better of me
Can you feel the love again -
letting it go is just letting it be it's the way that it's got to

be

Cry baby cry cry cry
Your beautiful blue eyes better
Cry cry cry - oh you know that's life honey
Tears run dry
Let it go tonight let the
Cry cry cry
I will hold you so the world won't see
I hope you know you're beautiful to me
