Save your breath  
You can't console what has been left  
Just pitiful  
Don't worry about me  
The time has come  
I used to be afraid, but now I'm fine  
Just cynical

Police are all standing at the scene of the crime  
Get back now everybody stand behind

It's the end of the world, the end of the world!  
And I know it's still gonna hurt in the morning  
It's the end of the world, the end of the world!  
Don't try you can't dry my tears, I'm mourning  
It's the end of the world, the end of the world!  
I believe every time, I keep bloody falling!  
I could see the land ahead  
But now I know it was all in my head, oh...

Don't worry about me  
It's all only love  
I knew I'd never be good enough  
I always knew

Don't worry about it  
I enjoyed the ride  
I'll see you someday on the other side  
'Cos I'll get through  
If I can get to the bottom of this bottle of wine  
Drink up that pain and push it down

It's the end of the world, the end of the world!  
I know it's still gonna hurt, in the morning  
It's the end of the world, the end of the world!  
Don't try you can't dry my tears, I'm mourning

It's the end of the world, the end of the world!  
How come I just keep falling?  
It's the end of the world, the end of the world!  
Calling me back.
