I'm spending Christmas alone this year
It's not easy when surrounded by so much cheer

Sitting at home next to no one
In a city where no one knows your name

A special time to spend with loved ones
But everyone is so far away

But when it all turns to gray
Even the coldest nights will fade away

Because I'm not alone
I still remember the last time I saw you
And all the times we had together
And while today I'm alone
I won't be somber 'cause our friendships will last us
forever

I forgot to buy presents this year for my friends
So here's a song instead because I forgot about all of
you

And this past year has been something I'll hold onto
forever
Many new friends and memories, everyone feels so
close to me

And if it all turns to gray
Even the coldest nights will fade away

Because I'm not alone
I still remember the last time I saw you
And all the times we had together
And while today I'm alone
I won't be somber 'cause our friendships will last us
forever.

Because I'm not alone
I still remember the last time I saw you
And all the times we had together
And while today I'm alone

I won't surrender 'cause our friendships will last us
forever.

And I'm not alone
And I'm not alone
