I am just a receptionist
I pick the phone up and I say
"Dunder Mifflin this is Pam"
But then I look across the office
You're sitting right in your chair
Sometimes we smile at each other

I was scared
You were strong
Thought I was doing the right thing
But you knew it was wrong (I don't care if it's wrong)
You knew it was wrong (don't care if it's wrong)
I had a ring on my finger
But I had a hole in my heart
And I almost made a really big mistake on my part

But then you kissed me at the Dundies
You know you kissed me at the Dundies too
Now everything is gonna change
And I don't think you like me for the whiteness of my shoes

But then you kissed me at the Dundies
You know you kissed me at the Dundies too
Now everything is gonna change
So please forgive me if I don't know what to do

We had a date on the roof
And we watched the fireworks
But I was only watching you

I hope this doesn't freak you out
You know I bought the ring
After only one week

Then you kissed me at the Dundies
You know you kissed me at the Dundies too
Now everything is gonna change (Now everything is gonna change)
And I don't think you like me for pranks I play on Dwight Schrute

You kissed me at the Dundies (then you kissed me at
the Dundies)

You know you kissed me at the Dundies too
(You know you kissed me at the Dundies too)

Now everything is gonna change
So please forgive me if I don't know what to do
(So please forgive me if I don't know what to do)

I remember what you told me you said
"You gotta take a chance on something sometime"
Well I'm gonna take a chance on you,
Jim

I remember what you told me you said
"You gotta take a chance on something sometime"
Well I'm gonna take a chance on you, Jim
