bonafied
licking left to right
i'm pantin' keep it down
give me one
want it like a gun
put your whole head in it
put your whole head in it
put your whole head in it

ah, ah, use your hand
swallow it down
back it up, gonna get experienced
expand it really big
i'm pantin', keep it up
i'm screamin'!
put your whole head
put your whole head
put your whole head in it

[calm me down now tonite]
got me creepin', got me feelin' high, got me comin' to
his rhythm, oh he's bonafied...
[calm me down now tonite]
got me creepin', got me feelin' high, got me comin' to
his rhythm, oh he's bonafied...

back it, back it, back it, back it up
oh baby baby hit that ring
gonna let this body aaaaaaaah
god never told me bout these things

church made me sick of him
put your whole head
put your whole head
put your whole head in it

now now now
what ya doin'?
that stick ain't fit and provin'
no fit you got her snoozin'
slicky sla sla
slicky sla sla

my man put his whole head in it
slicky sla sla
slicky sla sla
my man give me all I'm needin'
my man give me all I'm needin'

[calm me down now tonite]
got me creepin', got me feelin' high, got me comin' to
his rhythm, oh he's bonafied...
[calm me down now tonite]
got me creepin', got me feelin' high, got me comin' to
his rhythm, oh he's bonafied...

me and my baby's got it goin' on
it's not just a physical thing
please don't ya read me wrong
the mental's got our bodies burnin'
