F\*\*\* it's back again  
Just go away

The image of you still appears always  
You were everything I wanted

You just slipped away  
Yeah you want me to leave my head

Without your warm embrace  
I feel out of place

Why can't we stop this cycle  
Let me be your disciple

Because you meant so much to me

Wait, what am I think'n?

You'll f\*\*\* me with out blink'n

Without blink'n

I can't feel the grief

I fall down to my knees

My knees

I feel that I would die

Without that lost sparkle you eyes

Oh, .... in those eyes

Those eyes that lie

Yeah Yeah

Do you ever sit down and cry

When you do not even know why

you lied?

I ponder this question always

Are we really unconscientiously soul-less

You're so soul-less

But it doesn't matter now

'Cause the drug is growing fatter

It's growing more and more and more

Let me give you what you need

Love and not greed

For your taste I plead

Chorus:

Wait, what am I think'n?

You'll f\*\*\* me with out blink'n

Without blink'n

I can't feel the grief

And fall down to my knees

My knees

I feel that I would die

Without that lost sparkel in those eyes

Those eyes that lie

Yeah Yeah

Why can't I just taste you one more time?

Feel the poison on my lips and cry

I just want to taste you

Why can't I taste you?

Just let me taste you!

Wait, what am I think'n?

You'll f\*\*\* me with out blink'n

Without blink'n

I can't feel the grief

And fall down to my knees

My knees

I feel that I would die

Without that lost sparkel in those eyes

Those eyes that lie

Yeah Yeah

Yeah Yeah
