[16 Beats Guitar Intro]

[Verse 1]

Nothing turns out  
The way you want it  
Nothing plays out  
Like you saw in your mind  
You keep finding out  
Everything's changing  
It's hard to find a place  
Just to calm down

Mmmm mmmmm

[Chorus]

You're backed into the corner  
Your hands are tied down  
You're backed into the corner  
You're by yourself now  
But from where you're standing  
You see it all now  
You see it all now  
You see it all now

[Verse 2]

You're standing on the edge of the ocean  
Yelling at the waves to stop  
But they keep crashing down  
Your hoping seems helpless  
You got no choices  
In a world without answers  
Everything fades in black

Mmmm mmmmm

[Chorus]

You're backed into the corner  
Your hands are tied down  
You're backed into the corner  
You're by yourself now  
But from where you're standing

You see it all now  
See it all now  
You see it all now  
You see it all now  
You see it all now

You're backed into the corner (See it all now)  
Your hands are tied down  
You're backed into the corner (See it all now)  
You're by yourself now  
But from where you're standing (See it all now)  
You see it all now  
See it all now  
You see it all now  
You see it all now
