It's getting colder
It's almost October
And I don't know what to do
Without you here
Without you near
Without your shadow
Without your whisper in my ear

The days are getting shorter
I think I'm getting older
Like my memory
Of you

The day I fell for you
I fell for you
What else could I do
What else could I do
I fell for you
I fell for you
What else could I do
What else could I do
I fell for you

The day I said so sweetly
The day I said so freely
I love you

Was the day I fell for you
I fell for you
What else could I do
What else could I do
I fell for you

You're still on my mind
Every time I'm breathin'
If you ever wonder
How far you had me under

I fell for you
I fell for you
What else could I do

What else could I do

But you let me go

You let me go

But now I know

Now I know

I fell for you

Oh yeah
