I hear a whisper. Silently.
An unconscious voice speaks to me
Now I have no control
And I can't tell the difference between
The truth and what we believe

(oh my god)
I'll Make a choice when there is nowhere to turn
Oh, I won't ever know until this boat has sank
And I'll be living a lie with every breath I take

You need this, you want this you feel it in your bones
She never really loved you, it was all just for show.
So now you, you got it.
What you have always wanted

You're all alone
You will die on your own

(oh my god)
I'll Make a choice, when there is nowhere to turn
Oh, I won't ever know until this boat has sank
And I'll be living a lie with every breath I take

What does it matter, if we are all dead already
The smoke we breath, breeds our fleeting dreams

For you did not die to forgive the sins that we all make.
You are a lifeless soul and there is nothing that you can
take.

Close your eyes
And you will be home
