Staring, moving, watching me
Oh, I can feel everywhere I turn
You're with me, ever feeling
Fearless to what can start to burn
Oh, when I lost control
You're the first one to know... aahh

Standing, fighting, pressure rising
Wondering if I might be a fool
You've been anticipating when I sit
When I start to move
How long till I explode?
I guess I'm not at home.. aahh

Calling all angels, I'm alone again
My soul's in danger, and I can feel the end
Come to me rescue, I've run away from you
Calling all angels to..
Save me from myself, from myself

Hiding, seeing, unbelieving
I should know why you hang around
You're chasing, rearranging, and deceive
Till you've got me down
Follow each move I know
You are just like my shadow.. aahh

Calling all angels, I'm alone again
My soul's in danger, and I can feel the end
Come to me rescue, I've run away from you
Calling all angels to..
Save me from myself, from myself

BRIDGE
In excelsis...

Calling all angels, I'm alone again
My soul's in danger, and I can feel the end
Come to me rescue, I've run away from you
Calling all angels to..
Save me from myself, from myself

Calling all angels, I'm alone again
My soul's in danger, and I can feel the end
Come to me rescue, I've run away from you
Calling all angels to..
Save me from myself, from myself

Calling all angels, I'm alone again
My soul's in danger, and I can feel the end
I'm alone again
