Miscellaneous  
You Belong To Me  
Brand new star to discover,  
Same old feeling to tell me it's over.  
All I need is a reason  
I need your love

Baby love will find you  
And I will follow,  
The stars will lead the way.  
Baby dreams will resque the doubt inside you  
till love will shine again

You belong to me  
Belong to me  
As love belongs to lovers  
You belong to me  
Belong to me  
As stars belong to nowhere

One more time to remember  
Every beat of my heart's in danger  
All I want is a minute  
Just close your eyes

You belong to me (rap inserts)

It takes two, not three, not four  
Love guaranteed and that's for sure

Belong to, belong to me  
All my wishes comin' real  
As love to love, as friend to gee  
Freeze, you belong to me

Back and forth, forth and back  
Move your feet to the bumpin' hi-tech  
Rhythm's pumpin' so let's get jumpin'  
Work your body till the groove gets funky

Dance to trance,  
I've got the power in my hands  
Up and down jump to the beat  
Everybody move your feet
