Gm FretAm

I can feel you when you're not here

Gm FretAm

Yes I love you oh so dear

Am3rdFrt F

It's deeper than anything could ever be inside of me

Am3rdFrt F

I love you more now for the way that you loved me

Woe woeÂ...

I could never say enough thank you

The first time we met I fell in love

You've given me back my wings so I could fly so

I know I'm gunna love ya 'til the day I die

Woe woe

There's a reason for this

We should not forget our first kiss

But God has shown us to wait (just wait)

For real love it'll find it's mate

Please wait, just wait

Now I can feel you when your not here

& Yes I love ya oh so dear

It's deeper than anything could ever be inside of me

I love you more now for your love has set me free

Woe Woe there's a reason for this

we should not forget nor miss

that God has shown us we must wait, just wait

for real love it will find it's mateÂ...

Just waitÂ...please waitÂ...just waitÂ... please

I can feel you when you're not here.
