I'am letting go  
I'am letting go  
I'am letting go  
Why's it always circumstantial?  
Never any real potential  
Obvious and so sequential  
It always ends the same  
Holding out with all that's in me  
Is it worth all this pretending?  
A story with an ugly ending it's never worth the pain

So right here and now I am all in

Chorus

Cause I'm letting go of everything I am  
And I'm holding on to everything You are  
I'm letting go of everything I once was  
I'm all in  
I'm fallin' into Your arms again  
I'am letting go  
I'am letting go

Can we just wait out the weather?  
I could stay right here forever  
Got to get myself together  
Real life is on the way  
Call it my foregone conclusion  
I'll always welcome Your intrusion  
You're the master of my choosing  
I'm all Yours

Chorus

Cause I'm letting go of everything I am  
And I'm holding on to everything You are  
I'm letting go of everything I once was  
I'm all in  
I'm all in  
I'm fallin' into Your arms again

This time I'm so for real  
It's time I sealed the deal

Shut down my lame appeals  
I'm letting go  
I'm letting go  
I'll throw caution to the sky  
Kiss all my fears goodbye  
This time it's do or die  
I'm letting go  
I'm letting go

Cause I'm letting go of everything I am  
And I'm holding on to everything You are  
I'm letting go of everything I once was  
I'm all in  
I'm all in

Cause I'm letting go of everything I am  
And I'm holding on to everything You are  
I'm letting go of everything I once was  
I'm all in  
I'm fallin' into Your arms again

I'am letting go  
I'am letting go  
I'am letting go
