open wide
now that my body is pill-sized
rode this wind like a zeppelin did
are you truly surprised?

babe i looked you over
i picked your cover over
my lover didn't want to understand

i'm in the business of zoning
your acrobats are groaning
your salty words flew over my shoulder

everybody wants what they can't have
i want everything

he reminds me of the day i turned you in

everybody wants what they can't have
i want everything, everything

i took a turn i know i'm sorry
i took a turn

with just a wrinkle my heart is a burden
the moonlight is simple we'll darn all the curtains

bittersweet needle in the bone
tell me all your favorite words
and in the summer you'll be gone

oh i moved too soon
stems and leaves thrown on the sidewalk
i would say that i was a gardener
but regret is a personal fault
regret is a personal fault
regret is a personal fault
regret is a personal fault

with just a wrinkle my heart is a burden
the moonlight is simple we'll darn all the curtains
