Feelin' out of place, plus its gettin' kinda late
Tryna make it home safe, and I get raped. Where you
live?
Tina tummy ache, Gina got the funny face
Mona's sniffin dope, so Odoma's leanin' on the rib .
I bet you wish you had a Benz, 'cause you just helped
you friends
Flag a taxi, now you walkin' not too far from your crib
Cravin' for an acid tablet for your satisfaction
Said you feelin' flabbergasted you just had to have it
Made your way to 7th ave. Flagged a yellow cab
Now you need an upper fast to help your mellow swag
Black kid french braids and he keep the potent
Hold ya purse, don't trust him 'cause his teeth is
golden
Dice rollin' reefer blowin in the streets he smokin'
Blowin' weed while police patrollin'
Acid strips, purple drink you can have a sip
Have a fix of this acid drip

[Hook]

Hand on the thigh, kiss on the lips
Eye for an eye, drip for a drip
I getcha high, please don't forget
I can supply the fix for ya trip
X2
