It's a plane, it's a bird, it's a zombie, hahaha!

The highest high I'm iron tolerable
On my dick ...baby, show lies
Blue dream that amazing hoe, that ink is a pyrex
And the coconut baking soda
You'd be the blue flame that create the whole thing
Rap game, crack game, apparently the same thing
If this was 80 something I'd be in jail
Told Gucci link fat wings ...ass elbow
Saving every penny tryina get about this hell hole
For my super thugs hustling above the jail bone
Like to better...have your weapon drawn
I get I be scared to death, bitch I'm already gone
Money on my mind, your bitch on my zipper
Breaking up finer of the pounds
See you see ... you gonna needs some boots to get as
fly as me nigga
Excuse me I'm in the ...as high nigga
Fly boots on, the asap mobbing, here to kill switch
Put and end to any problem
Fly boots on, the asap mobbing, here to kill switch

If you wanna get thrown, asap got the poke
Shit, 3 flag ass bitches with wings
Double heps and double d's
High nigga, high living, 3 young ass niggas running

Really walk the ...3 niggas, one bitch
One clip, one brain, dead girl, off your mind
Leave your brains, on your moms
Razor blades, dipped in bleach, tear your skin to piece
Dump the body in Tennessee, highway getaway
Oj bronco, captain baby drive them off the bridge
Look into my eyes, vivid tears
I see fear, y'all some fucking queers
Grow a fucking beard, I'm posed to be here
Posed to be dead, over dose on ...
Last cruise, drive by on sight, ride like a bike
For my zombie homies kill tonight

Flap a zombie, asap mobbing
Hit the kill switch I'll put end to any any problem
Flap a zombie, asap mobbing
