[Hook] She's all that I want

[Verse 1: ASAP Rocky] She's all that I need, I'm filling
your cup up With Sprite and codeine, she get me so
high But I'm down on my knees, was it your desire?
Your life or that lean? Wait a minute Cause ain't shit
changed, just a different day This the kinda pain I just
couldn't take away Something like Wayne cause you
couldn't feel your face Is you in it for the feeling or the
taste? Wait a minute What's the mothafuckin' problem?
Me and my niggas mob Throwing up gang signs, fuck a
goon and a goblin Gold grill shining, don't ask me how
I got 'em Styrofoam cups with jolly ranchers at the
bottom

[Hook]

[Verse 2: ASAP Ferg] Hey and now I'm blowing hella
smoke Talking on my cellaphone and I got that purple
on me She sipping on my styrofoam cup Telling me she
wanna bone but I ain't got no condoms on me She
claiming I'm a Pimp C Cause I'm sipping big mo when
I'm on that screw juice She sip it 'til it's empty Purple on
the mustache, now it's time to screw you And I wanna
chop and screw you, girl Moving like it's turtle time
feeling like the world is my mine And I be on my
Fergenstein I stay on my money grind and I'm going
outta my mind Flying through the purple sky And I'm in
a different world and you kinda look like Jasmine guy
And I'm kissing on that pink juice, sipping on that pimp
juice

[Hook]

[Outro] Wait a minute You can smoke that weed Sip
that lean, get high (She's all that I want) Bitch
