[Intro: ASAP Rocky]

Hello it's the mack, sit back and relax
As we chat on ways to make a couple stacks off your
snatch
Hold up here's the catch: you might have to hit the
track
Take a loss, make it back, if you get caught, bitch, shut
your trap

[Hook: ASAP Rocky]

(All my life... I've been waiting for your love)
(All those nights... I lusted for the drugs)
Tell that bitch I need money...
Bitch I need money...
I need money, bitch I need money...
I need money, bitch I need money...
I need money...
Tell that bitch I need money...
Tell that bitch I need money...
Money make the motherfucking world go round...
No, money make your motherfucking girl go down...

[Verse 1: ASAP Rocky]

Town, riding round, I'm getting it
Two chains on like I'm Tity
Versace shades like I'm Biggie
Them twenties, fifties and Benjis
These bitches all in my business
I mack 'em then I act stingy
I never slip with my pimpin'
When I holler, come and get with me, huh?
Drizzy, huh? Swizzy, huh?
Prada, Gucci and Fendi
Which only means that you fancy
My trillest bitches is trendy
She tipsy off of that Crissy
My pimping never been friendly
She fell in love cause I'm pretty
She love me more than her family, huh?

[Hook]

[Verse 2: ASAP Ferg]

I need new bait, grandpa need a toupee
Mama need some new weave
Get her hair done with new braids
So bitch give me moneys
Stop dickin' around like you paid
Needed that grip like today
Better hit that strip like two today
Better hop in that whip with the coochie
Then she lick-lick to the new king
Them niggas be ballin' like 2K
Better suck that dick 'til Tuesday
Better get them checks 'fore its too late
It's a new bad bitch with a booty
Whose suckin and fuckin for Kool-Aid
And keeping that pimp in a new Range
Oh lord...

[Hook]

[Bridge]

What? I ain't tryna fuck
Make a, make a buck
Every nigga in the world wanna live it up
Give it, give it up
Trill, bitch don't give a fuck
And she get a pimp nigga like me rich as fuck

[Outro]

(All my life... I've been waiting for your love)
(All those nights... I lusted for the drugs)
Tell that bitch I need money...
Bitch I need money...
