[Intro]

Smoke, Ty Beats
Better do it 'til we get right, uhh

[Bridge]

This is for my niggas getting high on the regular
This is for my bitches getting high on the regular

[Verse 1]

Purple drink, I still sip, purple weed blunt still lit
Real nigga, real bitch, purple swag, that trill shit
Them candy cars, I'm coming down, that paint drip, I
still tip
That pimp shit, she ain't plan to fuck, I pick her up, I still
hit
That's swag, bitch

[Hook]

Everything is purple (Swag)

[Verse 2]

Purple swag, purple swag, I'm in the zone, I'm getting
thrown
That purple swag, purple swag, that purple smoke up in
my clothes
That big booty, juicy fruity, yellow bone, I wanna bone
I'm getting dome, I took her out, dick in her mouth, she
getting on
I'm flexing steel, I'm flexing steel, I'm sitting high, I'm
tipping slow
I'm Texas trill, Texas trill, but in NY we spit it slow
(I got these boppas going crazy, they see me coming
Robitussin, quit discussing, ASAP tell these niggas
something, swag)

[Hook]
