

Astronautalis "Holy Water"

Visit "[Holy Water](#)" on MotoLyrics.com

Well it's hope, it's hope, that has me staring to the
burning sky
I know, I know, there's something hidden, on the other
side
I woke, I woke with such a feeling I could never rise
Now I'm gazing skyward till the sun just burned me
blind

Burned me blind, burned me blind
Burned me blind, burned me blind

Well, one drank up the holy water hoping for a light
While another slipped a sewing bodkin right inside his
eye
And they ran out from the city calling, collecting salts
and lye
Crack and crush it, burn it maybe baby, find the God
inside

God inside, God inside, yeah
God inside, God inside

We know there's something to which we're blind
'Cause it's hope that pulls us forward till we die

Ollie ollie oxen free, come out from where you hide
Tell me, tell me what you want from me, I promise I
provide
I'll drink your poison, I'll keep you company, I'll serve
you till I die
Come on, crack Pandora's Box for me, blind me with
the light

With the light, with the light, come on
With the light, with the light

Learn the language of our Holy Fathers retrace their
sacred rights
Plot and chart the arc of Haley's Comet, floating
through the night
I drain my blood until my chalky body feels closer to
the sky

I dance upon the edge of death just to prove that I'm
alive

I'm alive, I'm alive, yeah
I'm alive, I'm alive

We know there's something to which we're blind
'Cause it's hope that pulls us forward till we die
