Stayin' at home waitin' for you  
You just won't get it 'cause I say we're through  
Well I'm looking for someone to love  
I'm looking for someone to love  
Well you're not here but baby I don't care  
'Cause I'm lookin' for someone to love

Playin' the field all day long  
Since I found out I was wrong  
And I'm lookin' for someone to love  
Yeah, I'm lookin' for someone to love  
Well you're not here but baby I don't care  
'Cause I'm lookin' for someone to love

Caught myself thinkin' of you  
You can't love me and another one too  
Well I'm looking for someone to love  
I'm looking for someone to love  
Well you're not here but baby I don't care  
'Cause I'm lookin' for someone to love

Drunk man a streetcar  
Foot slipped ooh there you are  
Well I'm looking for someone to love  
I'm looking for someone to love  
Well you're not here but baby I don't care  
'Cause I'm lookin' for someone to love  
I'm lookin' for someone to love  
I'm lookin' for someone to love  
I'm lookin' for someone to love
