(verse 1)

Waking up with the cold wind  
blowing over my card house  
building back my opinions  
it's hard to even grasp them when,  
everywhere I turn it's so empty,  
wanting more from this life so plenty  
can I get a second opinion then get back to my life  
cause,

(chorus)

oooo seasons changing over,  
over and over and  
oooo seasons changing over  
over and over.  
Every time I look out the window ten years go by,  
I'm still standing still I don't know why  
I just cant get my shit straight  
and make necessary changes.

(verse 2)

They say that youth is wasted  
on ones who don't appreciate it  
but I'm still building my own way  
nothing could ever stop me when..

oooo seasons changing over,  
over and over and  
oooo seasons changing over  
over and over.  
every time I look out the window ten years go by,  
I'm still standing still I don't know why,  
I just can't get my shit straight  
and make necessary changes

(guitar solo)

oooo seasons changing over,  
over and over and  
oooo seasons changing over  
over and over.  
every time I look out the window ten years go by,

I'm still standing here right by your side  
why can't I get my shit straight  
and make necessary changes

necessary, necessary,  
necessary, necessary,  
necessary, necessary changes.
