i dreamed it all again
i was flying oh so high
you reached out for me again
and you loved me til i cried

and ill wake and ill see
you wont hurt me

but ill wake tomorrow
and ill rip apart my halo
and id kill them all
and ill run to you

wait! don't go now
i hate it when you leave
cause im scared and weak and feeble
pull my heart from my sleeve

cause id die each time
cause i want you to want me

but ill wake tomorrow
and ill rip apart my halo
and id kill them all
and ill run to you

run!!
run!!
to!!
you!!
run!!

but ill wake tomorrow
and ill rip apart my halo
and id kill them all
and ill run to you
