This from is filled with glass
These walls have burned to ash
I'm waiting on the world to collapse so you'll ask me if I
am alright
I'm never gonna wake up again
Let you in, I can wait all night

Did you notice that I fell?
Remember that I stopped falling
The moment that I caught you
Did you notice that I called?
Remember that I stopped calling
The moment that I heard you

And I'm calling you back
I swim in shadows and take words back
I spit white lies and watch you lash
I feel alone in the ocean in rain as ships go past
And I don't plan on the words I am sorry until you ask

Did you notice that I fell?
Remember that I stopped falling
The moment that I caught you
Did you notice that I called?
Remember that I stopped calling
The moment that I heard you

Did you notice that I fell?
Remember that I stopped falling
The moment that I caught you
Did you notice that I called?
Remember that I stopped calling
The moment that I heard you

(And it's so damn obvious we're all alone)

I get a pretty little look at best
And I'm dying to get it off my chest
And I'm tired of waiting
I'm not gonna rain anymore
