Another day wasted my hands were shaking I'm lost  
and breathing out  
And what was I chasing my mind was racing I kept  
myself in doubt  
But other than you hell I feel sick we were all torn up  
and out  
And every step I take you're not there at all, at all, at all

You turned your back and I never looked back  
And in half the time it was up to the fact that it's all,  
Out of my control  
It's out of my control  
You turned your back and I never looked back  
And in half the time it was up to the fact that it's all,  
Out of my control  
It's out of my control

In another damn place it's another day wasted I can't  
keep up I've found  
And in our defense I can not convince you I kept my  
heart rate down  
And all of our lies well they caught up, in the end I'll  
find you out, and  
Every step I take you're not there is the answer to the  
loss in you

You turned your back and I never looked back  
And in half the time it was up to the fact that it's all,  
Out of my control  
It's out of my control

You turned your back and I never looked back  
And in half the time it was up to the fact that it's all (its  
all)  
Out of my control  
Well it's out of my control

The truth is I can run and hide and stare (but I can't)  
I am not afraid to die  
Am I pretending to be scared?  
I am not afraid to die  
What's the point in leaving

Is there any point in leaving  
Is there any hope at all?  
I'm not leaving  
No I'm not leaving

Well I am not afraid to die  
I am not afraid to die  
I am not afraid to die  
Wasn't it over? It never was over  
You turned your back and I never looked back  
And in half the time it was up to the fact that it's all,  
Out of my control  
It's out of my control
