Quarter past two, got a meeting at the telly
I run a little late, so she heating in my celly
Bitch got me high, so I step up in the spot
And I cool the ass off and IÂ'm skating on her belly, oh
shit!
IÂ'm only five ten, but IÂ'm fucking all these whore
hoes
Shaw want too, yeah I love all those
Man, I do it for the chase,
IÂ'm down for the challenge any time, any place,
You know I got the talent!
When IÂ'm all in the face, I just tell it what it is
I ainÂ't down for the gates, baby whatÂ's good?
Â...wash, but I speak to the hood
And I ainÂ't got no white soul
I never met a girl who likes to fucking lie so
Shit! Either way is alright to get you right off!
Right on, baby!

Hook:

Yeah, I love the way you taste
I love the way you taste (I love the way you taste)
I love the way you taste (I love the way you taste)
I love the way you taste
Lay your ass down, girl, let me get a taste!
I love the way you taste (I love the way you taste)
I love the way you taste (I love the way you taste)
I love the way you taste
Lay your ass down, girl, let me get a taste!

You got a broad with a beautiful face
But sheÂ's better inside, let me tell you how it taste!
Get a little balls, and everybody ate
Kiss my ass, homie tell me how it taste!
Yeah, tell me how it taste!
I fuck your bitch, I can tell you how it taste!
Beautiful body, got myÂ... on waste
I could eat you all day
Girl, I love the way you taste!

Yeah, I donÂ't wanna go down for the longest
Even if the girl had the promised word

Cause back in high school...
But now I need it up all good, babe, I promise!
This gotta be... a clean, baby
... trying to set you free, baby!
I'm telling you my dick is liberating
Girl, you're feeling tired should I promise is
invigorating
Let me get you higher, when I'm done, you gonna be
levitating
I feel your body wants to put your mind, is agitating
Oh shit! I know you're tired of this lame mother
fuckers
Always coming out stroke, well I am one for the ...
Yeah... smoking on doser, laying on my sofa
I need you closer
She's so wet when the car runs over
I need two coasters, yeah!
He know all about you
These other kids talk that I'm more about proof!
I think your friends down while I'm more about truth
You know I can't lie, girl, I'm more about truth
Uh, can you blame me? I was built this way, you can't
change me!
You try, how you want me, can't save me
Don't try wrong game, bitch, you can't blame me!
Crazy!

Drink 'till you can't fuck a thing no more!
Oh girl it ain't even twenty years old
She staying on... sniffing that blunt

Uh, she came for the ass, (she came for the ass)
I came for the same thing!
Old man is bitch bad, and he told me...
I could be playing on the same games
He wants someone on her side
Just someone... fuck while she's high
I fuck you in a ride, I take you to the crib
Funny thing is we are making to the whip
