It's been a long long ride  
Since I felt this way about someone  
You got me feeling so high  
It's no wonder, you're the one

Forever we stay strong  
Through these modern times  
Nothing could go wrong  
We got the will to survive

So let's get it on (3x)  
Am I getting through  
Letting loose  
Going wild  
It's what I want you to do

[chorus]  
I need you, I want you tonight  
I feel you, don't put up a fight  
Talking 'bout me, talking 'bout you, talking 'bout us  
And what you'd do to me  
It's just to much

[refrain]  
Ooh  
I know I got you burning up inside  
It's something you can't hide  
Ooh  
You know you got to get into the night  
Live like you were light

Wanna get it (3x)  
Wanna get it up allright  
Gonna get in (3x)  
Gonna get into the night

Can't stop this feeling for you  
It's just the way that you are  
The things that you do  
The way that you move  
When our bodies connect  
In a sensual groove

[chorus]

[refrain]

I know I got you  
Burning up inside  
Can't stop this feeling for you
