See my body, its nothing to get hung about.  
Im nobody except genetic runaround.  
Spiritual eras gone, it aint comin back.  
Bad religion, a cabal, that is all thats left.  
Hey mr. mind, stop wasting my time,  
With your factory precision.  
Factory precision is your  
Bad religion, too good to take.  
Indecision, its not too late.  
Nad religion, bad religion.  
Ay!  
Dont you know the place you lives a piece of shit?  
Dont you know blind faith in life will conquer it?  
Dont you know responsibility is ours?  
I dont care a think about eternal fires.  
Listen this time, its more than a rhyme,  
Its your indecision.  
Your indecision is your  
Bad religion, too good to take.  
Indecision, its not too late.  
Bad religion, too good to take.  
Indecision, its not too late.  
Bad religion, bad religion,  
Bad religion.
