She came from Heaven well there's no point belaboring
that
I've seen some trouble and I must admit that I'm in
demand
I confront rejection with magnetic good intentions yet
Hey Jack Get back in fact Don't do that
I act sharp
But feel uncertain
Cuz next time
It could be curtains

Evangeline
Conspirator so fine
Lend me your faith cuz mine is broken
Compared to mine
What is your crime Evangeline

Now just to be certain let's be sure to set the record
straight
I could use an angel but I don't intend to split up the
take
Never go for treason but I got reasons that don't
warrant debate
My acts intact and in fact you're not all that
You act sure
But you're uncertain
Cuz next time
It could be curtains

Evangeline
Conspirator so fine
Lend me your faith cuz mine is broken
Compared to mine
What is your crime Evangeline

Well there's no use turning back
No use turning back
It's already much too late
When the house is burning

Evangeline

Conspirator so fine
Lend me your faith cuz mine is broken
Compared to mine
What is your crime Evangeline
