"Incomplete"

Mother, father, look at your little monster,
I'm a hero, I'm a zero,
I'm the butt of the worst joke in history,
I'm a lock without a key,
A city with no door, a prayer without faith,
A show without a score,
I'm a bad word, a wink, a nod, a shiver,
An untold story, sex without purity,
A creeping gray memory,
I am
incomplete....incomplete....incomplete....incomplete

Doctor, cure me; what is the cause of my condition,
This madness shoots me,
Like bullets smashing glass in a silent movie,
I'm a trap without a spring,
A temple with no god,
A jack without an ace,
The tip of your tongue,
I'm a promise, an unmailed letter,
An unbuilt motor, deck without a joker,
A creeping gray memory
I am
incomplete....incomplete....incomplete....incomplete

Tell Saint Peter not to bet on me,
I got a naked obsession,
A good intention gone bad,
I am
incomplete....incomplete....incomplete....incomplete
