"Operation Rescue"

It is an s.o.s. sent out telepathically, signs of our
distress don't
Allow complacency, we need restoration now of our
integrity and a
Drastic bold reminder of our morality, the rectifying
troop is here,
The ones we have needed all these yers to stop the
heious wrongdoings
And verify our moral benevolence as a people,
operation rescue,
They're here to right our fall, they have heard a
troubled call,
Operation rescue, you may wonder where they come
from, but i just
Wonder why they're here at all, life ever-after is what
they're in the
Business for, see them brandish the key to their
kingdoms door, it's
Persuasive, it's a part of yoy and me but it's not
overwhelming as
They wish it to be, if no one believed in fairy tales there
would be
Nothing they could do but fail yet everywhere we look
someone is
Trying to reassure our moral benevolence as a poeple,
operation
Rescue..., you may wonder where they come from, but i
just wonder what
Compels them all
