A mutinous enemy carved a nascent country  
Sweat, blood, and valor  
Forms the grit of our history  
Bequeathed to everyone:  
Chance and free expression  
Substance was restrained  
And the spirit was broken  
I feel a strange denial  
Rhythmic as a change  
Constance as time  
Lonely  
Insistent whispers  
Somber as a wave bye bye  
Searching for solution, without constitution  
Blackcoats by our sides  
Promising salvation  
Advocating dogma as tickets to hereafter  
Mortals in their prime  
With their desperate hands in the air  
Daunting  
Complex and burning  
Rhythmic as change  
Constant as time  
Conflicts  
Craving approval  
Weighted as a murder trial  
Oh I feel a strange denial  
Correct is Consensus  
Everything else, nonsense  
Forward is the hope  
Forget recompense  
Peace and tranquility is only for the wealthy  
Dearth for the masses  
And inequality  
I feel a strange denial  
Rhythmic as change  
Constant as time  
Lonely  
Insistent whispers  
Dissipating in the night  
Like a lone forgotten light

And no one is helping me  
It's a strange denial
