I see a white haired man, hes got a suit on hand  
Hes telling people how theyre supposed to live  
Nobodys listening to the politician  
No matter what sage advice he has to give

Hes got a clumsy, outdated m.o.  
And hes come to a fork in the road  
And there is only one direction to go

Among the commuters, dwarfed by the skyscrapers  
I watch the countless millions fighting for space  
See hateful, petty acts, disjointed images,  
And cant believe that Im one of the same race

Were all just struggling to cope  
And we come to a fork in the road  
As we watch our foundations erode  
Theres only one direction to go

Its the way of the dodo  
Such a noble destiny  
Its the waltz of desperation  
Passed along to you and me  
The way of the dodo  
(its the gray stuff in your head)  
(its the pulse of the living and the voices of the dead)
