your government has triumphed in finally making you a  
public fit for the 21st century. never before has a  
governing body shown so much concern

behavior helps clear the roads and public works from  
overburden like the lower middle class and others who  
depend shamelessly on their governme  
Oday you are freer than ever to do what you want,  
provided you can pay for it!

Remember, the first word in usa is us!
