[Beldina - Verse 1]

Oh I feel like going out tonight  
I wanna dance the night away  
Until the morning light  
I wanna let it go, so let the music take control  
I'm feeling like it's time to shine

Oh, the vibe is right  
Me, my girls and I are getting in the zone  
When we're alone  
Oh, the vibe is right  
And we're feeling fine  
I wanna let it go

[Chorus]

Here we go  
Let's get ready, make it hot  
Say here we go  
So can you feel the vibe  
Here we go  
So can you feel the vibe  
Here we go  
So here we go

[Beldina - Verse 1]

Oh yes I know now  
This is what I like  
Sipping on the glass of wine  
Until the time is right  
Slowly getting ready  
Turning on our favorite songs  
Nice like this just can't go wrong

Oh, the vibe is right

Me, my girls and I still getting in the zone  
When we're alone  
Oh, the vibe is right  
We're feeling fine

I wanna let it go

[Chorus]

Here we go  
Let's get ready, make it hot  
Say here we go  
So can you feel the vibe  
Here we go  
So can you feel the vibe  
Here we go  
So here we go

[Bridge]

Now we're honest in the mood  
Still, table dancing in the room  
Somebody's boyfriend calls to say that he's on the  
move  
Let's make and check in higher zone  
The little black dress is right  
This can't go wrong

HERE WE GO!!

[Chorus]

Here we go  
Let's get ready, make it hot  
Say here we go  
So can you feel the vibe  
Here we go  
So can you feel the vibe  
Here we go  
So here we go
