When we start as a magical gal, we don't bring a
sprinkle of pixie dust to this world
When I go and find my BFF we know exactly that I
meant
It's time to mystery time to winter
My choice is clear, this is time to mystery time to winter
Is my voice clear!
Oh, oh, oh!
When your lost and you can't seem to find your home,
dig in your heart for a place in-known owwwwwww onnn
When I go and find my BFF we know exactly that I
meant
It's time to mystery time to winter
My choice is clear, this is time to mystery time to winter
Is my voice clear
My life,
My chioce,
Lend your voice
BABY I CAN MAKE YOUR LEARN!
Pixie dust on my toes, a sparkle of magic on my fairy
nose
I am very happy to know, we are together now!
When I go and find my BFF we know exactly that I
meant
It's time to mystery time to winter
My choice is clear, this is time to mystery time to winter
Is my voice clear
{Rapping voice}
You are my sis that's what I missed this is this but your
just all that!!!!!! Love that!
When I go and find my BFF we know exactly that I
meant
It's time to mystery time to winter
My choice is clear, this is time to mystery time to winter
Is my voice clear
OHHHHHHHHHHHHH
My chioce is clear.
