Chasing the money, money, money, money, money,
money.

Crazy for money, money, money, money, money,
money.

Praying for money, money, money, money, money,
money.

All you girls, get that guy, with the M-O-N-E-Y

So what you doing?

You got that funny smirk on your face

Who are you fooling?

You really think you'll go on that date,

If he wasn't rolling in the riches

You like to burn the bridges

Just to see the digits

Everywhere you go eh

And everyone that you see

Has to fit the status

That can give you the green

Oh you're just a big spender

Who likes to pretend

That you are the window

And you're catching The man

Chasing the money, money, money, money, money,
money.

Crazy for money, money, money, money, money,
money.

Praying for money, money, money, money, money,
money.

All you girls, get that guy, with the M-O-N-E-Y

So let me school ya

You're not the sharpest mouth in the draw

He won't pursue ya

Your going

Going to lose those inches

And take out all your stitches

And work out all your glitches...

Cuz everywhere you are

And everyone you meet
Has to think you are a star
That's what you want them to believe
But you're only a beginner
And you haven't a clue
You're a Ms. Goldigger
So sad but so true...

Chasing the money, money, money, money, money,
money.
Crazy for money, money, money, money, money,
money.
Praying for money, money, money, money, money,
money.
All you girls, get that guy, with the M-O-N-E-Y

Never enough
You gotta have it
Give me some mo-oh
Living it up
You gotta get
Money, money, money

Back in edition.
Living and getting and making spinning and eyeing
and winning
You gotta have it
You gonna grab it
Money money money money M-O-N-E-Y

Chasing the money, money, money, money, money,
money.
Crazy for money, money, money, money, money,
money. (you gotta have it)
Praying for money, money, money, money, money,
money. (oh)
All you girls, get that guy, with the M-O-N-E-Y (M-O-N-E-Y)

Money money money money
Ooh oh
