hooohh mmm  
hoooh oo ooh

I can see myself falling  
I can already feel the sweet butterflies  
But I can only see the hurting  
I can feel the teardrops falling from my eyes  
And I know its not a right to give it to you  
But passion can't deny whats inside

So why don't I run while I can  
Cuz I always end up loving the same kind of man  
Why don't I run while I can  
Cuz I always end up loving the same kind of man

What you do to me, its got me going crazy  
you got me out of my mind with your style  
and I know you are a little shady  
but the way you are makes me wild  
and I know who you are and I know what you do  
I've been down that road, so many times before  
But the weakness I had was to give right into  
Running back around for more

So why don't I run while I can  
Cuz I always end up loving the same kind of man  
Why don't I run while I can  
Cuz I always end up loving the same kind of man

And I wanna believe  
that things are going to change  
that you're the exception to the rule  
but then again old habits die hard  
and I wind up the fool

----

So why don't I run while I can  
Cuz I always end up loving the same kind of man  
Why don't I run while I can  
Cuz I always end up loving the same kind of man

Yeah yeah whoo oh

So why don't I run while I can  
Cuz I always end up loving the same kind of man  
Why don't I run while I can  
Cuz I always end up loving the same kind of man
