I lie in your charms  
Though it harms the best of me  
And I lie on to my friends to them  
No wonder why I wait for thee

And I hope like a child  
Widow of the sea  
I hold these arms around you  
All's around me

Will you be there when the day's done  
Will you be there  
Under the same, under the same sun  
Under the same, under the same sun

My yearn oughta turn these things  
Turn these things around  
I learned from you  
Oh I made these plans, made these plans  
With you around dear  
With you around dear

Will you be there when the day's done  
Will you be there  
Under the same, under the same sun  
Under the same, under the same sun

Will you be there when the day's done  
Will you be there  
Under the same, under the same sun  
Under the same sun

(Will you be there when the day's done  
Will you be there  
Under the same, under the same sun)

Under the same sun [x14]

Lalalala lovely as you are [repeated]
