Just another cloudy day

Hook:

Room spin it, stuck on the couch
can't think about nothing but we
it's a cloudy day, it's a cloudy day.
Just another cloudy day
just lost in my thoughts,
don't care about all but me
it's a cloudy day.

What's the four cast, I tell the broke bitch get me more
cash
and throw me piece signs when I roll pass
I'm ridin' dirty plus a shit ain't got no tags
that's all bad like pretty girl with no adds I'm old
fashion
money stackin the weed I'm passing, is top shelf
I ain't never had a bag I couldn't sell I couldn't do it well
mister always got something new to sell
better feel Benz and make a movie tell what shakes on
I'm asking baby girl what's the new cover honey
I'm in my table just fucking off the trug money
my little humb boy trust in the plug from me
fuck the ground any cut to hide slug from me
flaughty days the sky's gray I'm just chillin
watch the fame doubt that's the none feeling
and I ain't satisfied with just one million
I need a hundred more and I'm gonna get it
