Chorus:

I made a million dollars on this knock phone
And these are the only numbers that I talk on
I'm in the spot, sending packs till they're all gone
I made a million dollars on this knock phone

I want it all, I can't hold back!
I spend too much, I need that black on black
High speed chase, watch me running again
I do a .. twenty five with a gun in my hand
Every time I ran, it's a badge in my face
Do you have any cash, which bag did you claim?
I wake up and let the package arrive
Twenty five nine, a little short, that's fine!
I'm true to it, I'm in love with the rest
These police are dirty like the money I touch
King's ass paper, no need for a...
I lost a half million cash on a truck last month
Real shit, most people will snitch
I keep a small circle full of cold dealers and pimps
Chrome rings try to seek to the...
Tripple seal rap, I don't even... to sin, huh?

Chorus:

I made a million dollars on this knock phone
And these are the only numbers that I talk on
I'm in the spot, sending packs till they're all gone
I made a million dollars on this knock phone

I'll take twenty five on, fifty take two hundred
Six hundred of just one round
Lungs full of Cush, I won't waste a crown
I let the dubby smoke till the G burns my thumbs
Six burn I will.. one in my name
Five stations in two nights, and we don't hustle the
same
I make movies, flat screens surround my Jacuzzi
Bitch house in the Hamptons for rapping and selling
pussy
Grow houses, all thorough my city
And... chills making ass look pretty

Every few weeks I get a brand new line
I've seen killers switch up, we ain't looking at time
I've been hustling, ain't much change but my change
gimmie brain
I'm pulling on the hair, while I'm swerving down the
lanes
I'm young, rich, and wild, how the fuck don't I complain
I was only sixteen, while they throw me in the game

Chorus:

I made a million dollars on this knock phone
And these are the only numbers that I talk on
I'm in the spot, sending packs till they're all gone
I made a million dollars on this knock phone
