If you are feeling so down
And your heart feels like the heaviest load
Oh, you can come to me
Oh, you can come to me
Oh, you can come to me
Oh, you can come to me

And I will tell you my best truth
And confront you baby when you need me to
Oh, you can come to me
Oh, you can come to me

You can come to me when you are broken
And truth is all you'll see
There ain't nothing that my love won't do for you and
me
You can come to me
Oh, you can come to me

Endless is the patience that I grow
It's inside me no matter where I go
You can come to me
You can come to me

And the time ain't a luxury we share
My life has this way of still taking us there
Oh, you can come to me
You can come to me
You can come to me
Oh, you can come to me

You can come to me when you're broken
And truth is all you will see
There ain't nothing that my love won't do for you and
me
You can come to me
You can come to me
