Rich Korean adolescents starving of starvation,
Stench of death, broadband on his breath.
I see your high-tech methods of communamicating
Judgement day will arrive just the same way

Defiling one another while consorting with the enemy
Social elite, shiny and neat
They see the one step forward but the two back they
donâ€™t see
Bank account is why I keep them around

Resistance is futile do you hear me?
2600 reasons for you to fear me.

I punch you in the face
I shoot you in the face
I kill you in the face
I will explode all over your face

I got one red button to rule them all
I pack a one button kick in the balls
I got my finger on the button to rule the world
And my dirty black stick in your balls.

Balls.

Declare your disapproval before innocence perishes
1980s, darkest of ages
Parasites enter your mind between your defences
nothing is wrong, youâ€™ll miss them when youâ€™re
gone.

Resistance is futile do you hear me?
2600 reasons for you to fear me.

I punch you in the face
I shoot you in the face
I kill you in the face
I will explode all over your face

I got one red button to rule them all
I pack a one button kick in the balls

I got my finger on the button to rule the world
And my dirty black stick in your balls.

Balls, balls.

I got one red button to rule them all
I pack a one button kick in the balls
I got my finger on the button to rule the world
And my dirty black stick in your balls, balls, balls..
