Do you believe the children are the future?  
What about nuclear weapons?  
The dirty little urchins are toiling for treasures.  
Iâ€™ve got nuclear weapons.

How do you live your lives when Iâ€™m sitting on a pair  
of nuclear weapons?  
How do you sleep at night? Arenâ€™t you burning  
inside for my nuclear weapon?

Pakis want to touch it (touch it)  
Your baby-momma want to touch it  
Bad people want to touch it (touch it)  
My dirty bombs

Burn, burn, burn,  
Nuclear weapons, donâ€™t you know?  
Burn, burn, burn,  
1-8-7 on the radio

Do you believe the children are the future?  
Iâ€™ve got nuclear weapons.  
How do you live your lives when Iâ€™m sitting on a pair  
of nuclear weapons?

Pakis want to touch it (touch it)  
Your baby-momma want to touch it  
Bad people want to touch it (touch it)  
My dirty bombs

Burn, burn, burn,  
Nuclear weapons, donâ€™t you know?  
Burn, burn, burn,  
1-8-7 on the radio

Hush now, honky lady  
Cool it down, chocolaty lady  
My nuclear weapons are blind to the races  
Primed to explode, all up in your faces

Burn, burn, burn,  
Nuclear weapons, donâ€™t you know?

Oh-oh-oh-oh-oh-oh-oh-ohâ€¦!
