(Is it wrong? Is it right? Girl you leave me so confused)
(Feels so right, you and I)

There's something bout this girl
The way she walks the way she speaks
The way she works that body (woah~)
(Oh) She's on fire, she's so hot
When she smiles I could break down
Dancing in sync with my heartbeat
And I know...

Chorus:

That she's a bad girl, bad girl
She's so good, so good
Feels so right, but it's wrong
The way you make me make me feel so crazy
What to do?
I know you bad girl, bad girl
It's all good, it's all good
Spend the night, just you and I
I want you baby, baby, baby, baby tell me what's up

(Is it wrong, is it right?)
(Girl you leave me so confused)
I just can't make up my mind (woah~)
(Feels so right, you and I)
Wanna hold you by my side
Oh, give me a sign my baby
(Why do you do this?)

Your eyes they hypnotize me
And your lips, they make me weak
I love the way her hair just flows
(Oh) She's on fire, she's so hot
When she smiles I could break down
Dancing in sync with my heartbeat
And I know

Chorus:

That she's a bad girl, bad girl
She's so good, so good
Feels so right, but it's wrong

The way you make me make me feel so crazy
What to do?
I know you bad girl, bad girl
It's all good, it's all good
Spend the night, just you and I
I want you baby, baby, baby, baby tell me what's up

Let's go now, stop delaying
Girl stop this game you're playing
Stop taking me in circles round and round, again again
again yeah
Oh I just can't explain it
You got me no escapin'
And you're just driving me so
Crazy crazy crazy crazy, can't get enough

Oh she's a bad girl, bad girl
She's so good, so good
Feels so right, but it's wrong
The way you make me make me feel so crazy
What to do?
I know you bad girl, bad girl
It's all good, it's all good
Spend the night, just you and I
I want you baby, baby, baby, baby tell me what's up

(She's a bad girl, bad girl)
(She's playing games inside my head)
It's everything about you baby
I gotta have and make you mine
(She's a bad girl, bad girl)
(She's playing games inside my head)
Spend the night, just you and I
I want you baby, baby, baby, baby tell me what's up

(Tell me what's up)
